Planning Curricula for Child Care

Developing a curriculum is a tough assignment for educators. However, understanding what to expect and preparing ahead of time can be of great help. Here's a list of strategies for curriculum building from various teaching professionals. In this course, you will learn to build an early year's curriculum based on the framework. Educators use the curriculum framework in their planning to make sure there is ample attention to important learning goals and to enhance the coherence of the overall experience for children.
